RE: Letter of Reference Ivey Mechanical

To Whom It May Concern:

I would like to recognize the superior performance and high level of service that Ivey Mechanical has contributed to Southeastern Oklahoma Medical Center in Durant, Oklahoma.

This is the first project that I have had the pleasure of working with Ivey Mechanical. I know that they have worked closely with M.J. Harris, Inc. on several projects and have only heard positive things. After working with Ivey Mechanical personally, I have experienced their exceptional quality of service and workmanship. They have succeeded in upholding their reputation for producing outstanding and top-quality performance. Every phase of their operation and implementation exceeded my expectations. Ivey's level of leadership, understanding, execution of schedules, work ethics, value of goals, and discernment for safety were above and beyond the expectations set forth.

Southeastern Oklahoma Medical Center in Durant, Oklahoma has been an intricate and multifaceted endeavor with renovations and expansions throughout. Ivey Mechanical has played an imperative part in the success of this project. They have set goals and trends that are respectable and ensued by all other subcontractors on the projects.

Ivey Mechanical has been a true pleasure to work with and I can only hope to work with them again on future projects. They have made the current work on Southeastern Oklahoma Medical Center less challenging and unproblematic with their expertise which is greatly appreciated. I would recommend this organization as first rate with unsurpassed quality of service. Again I can only hope that I will work with Ivey Mechanical again in the future and that the organizations that they work alongside will acquire some of the excellent work skills they possess.

Please feel free to contact myself with any questions or additional information.

Respectfully,

Dwayne Gibson
Superintendent
M.J. Harris, Inc.
