

The picture above is from Ivey Mechanical Company-Texas for 256 pounds of food that was donated to Mission Arlington on July 9th as a result from their office's Biggest Loser competition.

20 people in the Texas Office participated in a challenge to lose weight over a 10 week period and the company would match the total amount of weight lost with an equal amount of pounds of food to be donated to Mission Arlington.

More than 200 families each day - six days a week - are coming to Mission Arlington for help with food, furniture, and other emergency assistance needs.

Gifts like this from the employees of Ivey Mechanical really do make a difference.

The Mission Arlington family is grateful for their support, and for all of you who work so hard to make a difference here.

Thank you so much!
